

HAWAII WOMEN LAWYERS

Post Office Box 2072
Honolulu, Hawaii 96808

JULY MEETING

Date: Monday, July 30, 1979

Time: 11:45am - 1:15 pm (brown bag lunch)

Place: Bishop Trust penthouse, 1000 Bishop St.

Speaker: Suzy Coy, member, City & County Committee on the Status of Women and crisis worker, Sex Abuse Treatment Center

Topics: Women's Law Conference, September, 1979 and the Sex Abuse Treatment Center

Our June meeting with Lt Gov Jean King was a success. We raised \$29.00 which went to pay off a portion of our Judicial Selection Commission debt.

On the day following our June meeting the 2nd Statewide Women's Conference was held in Honolulu. Lt. Gov. King was again one of the speakers along with US House Rep. Shirley Chisolm, State Budget Director Eileen Anderson and Councilwoman Marilyn Bornhorst. Several members of HWL, including Rai Chu, Jo Kim, Maiden Temple, Lynne Wasson, Helen Gillmor, and Jackie DeMarets, conducted workshops. Close to 1000 people attended the conference. It was very informative and well planned and we congratulate the organizers.

Associate memberships: In addition to our regular membership fee of \$10.00 for bar members (assessed every 18 months or so) we have established a new associate membership status for law students. The \$5.00 associate fee will be good for continuous membership in HWL while a law student. Anyone interested in participating in a job placement workshop for third year law students please contact Carol Lee, 521-6543 or Jo Kim 537-2780. Any other suggestions for activity between HWL and the law school are welcome.

HWL Survey on Hawaii Women Lawyers: According to our statistics, at least 10% of the bar is composed of women. As this decade comes to a close, a survey on the status of women lawyers seems appropriate. What percentage of women work in large law firms, corporations and government agencies? How many women are in solo practice? In what areas other than law are women lawyers working? These and other interesting questions will be asked in our upcoming survey. The results will be sent to all women lawyers and may be published in an article for the Hawaii Bar News. We urge all of your cooperation so that our survey will be as complete as possible. Anyone (especially you sociology majors) interested in working on the survey please call Carol Lee at 521-6543.
